Alluvionic® PROJECT ASSURANCE®

Our mission is to provide world-class project management, process improvement, product development, cybersecurity, and training solutions guided by the highest levels of integrity, professionalism, and innovation.
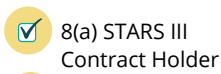

CORPORATE OVERVIEW

Alluvionic is an SBA 8(a) certified, woman-owned small business specializing in project management, process improvement, product development, cybersecurity, and training services, providing Project Assurance® with every project.

Whether managing a specific project or developing cybersecurity solutions, our goal is to deliver maximum customer value. We actively listen to each client's needs to develop customized solutions. We implement tailored processes that provide the organization with the knowledge, tools, and resources that ensure long-term, successful adoption.

We are a project solutions company. Our team of experts can provide project-specific expertise or function as long term resources to ensure the perfect level of support for every effort. We can assess your organization for gaps against the ISO, CMMI®, NIST, and CMMC standards.

As an integral partner, we can bring your organization to certification with a customized detailed plan. Our cybersecurity experts understand how to make your organization more secure and compliant. From requirements analysis to design, prototype, and test, our capabilities include end-to-end engineering services. We offer highly acclaimed training courses in project management and process improvement which can delivered as standard courses or tailored to meet your organization's needs.

DIFFERENTIATORS

The key to our proven approach starts with understanding our customer's strengths and needs. We strive to leverage the existing resource knowledge and organizational process assets in place. We're emotional intelligence practitioners who will work with your firm to address your challenges without reinventing the wheel. Where gaps exist, we implement solutions and follow a robust organizational change management plan.

CMMI® and Project Management Institute's PMBOK® are the foundational models used to drive project work. We tailor these standards to meet the specific needs of your business. With this approach, our customers receive rapid results, the best achievable return on investment, and the least amount of disruption.

We are the small business you can rely on!

- ☑ Innovative approach
- ☑ Adaptive solutions
